

[Covenant of Mayors recognised as key Energy Security action by European Commission](#) **[1]**

2 June 2014 - 2:27pm
Alix Bolle

The Covenant of Mayors has been cited as a “key action” to moderate energy demand in the recently-published European Commission Energy Security paper. Energy Cities strongly welcomes this recognition of the Covenant strategic dimension, following a letter our President addressed early May to Commissioner Oettinger about the need to accelerate the implementation of Sustainable Energy Action Plans.

The Commission's Communication on the European Energy Strategy identifies 8 areas where short, (...)
