

## [Frontier Cities Offers Funding for Smart Mobility](#) [1]

[2]

2 December 2014 - 11:45am  
Ecologic Institute

frontierCities, an EU funded project, is giving 3.92 million Euros in grant funding for web-developers, SMEs and start-ups involved in smart mobility initiatives in EU cities. In addition to financial support, technical support and business advice are also provided. Cities which are interested in smart mobility can also be paired with web-developers, SMEs and start-ups. If you have a smart mobility idea and are interested in applying, click [here](#) [3]. If your city is interested in participating, click [here](#) [4]for more details.
